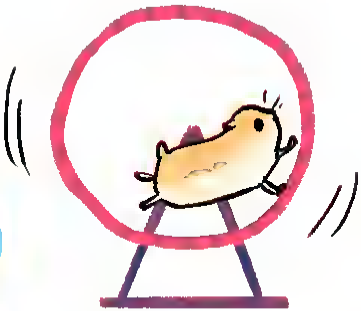
ROAR STREET JOURNAL

What If...

There is a new addition to my household recently.

PUPPY!!

I have kept other pets before.

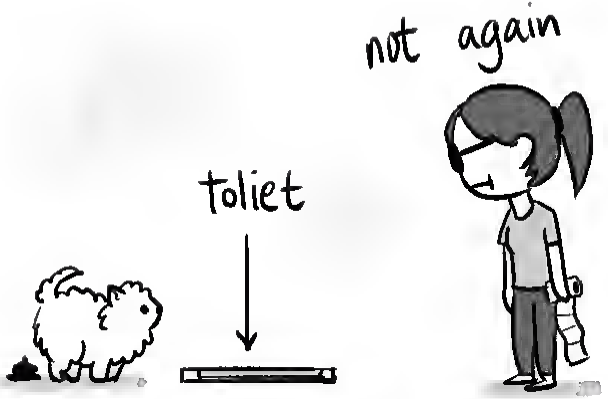


But none of those compare to the joy and peril

of being a dog ~~owner~~.

(Dog sister, my mother is the ultimate owner)

come back here you little



not again
toliet

woof

woof

What if...

RSJ are pets in the human world?

RSJ PET SHOP
OPEN

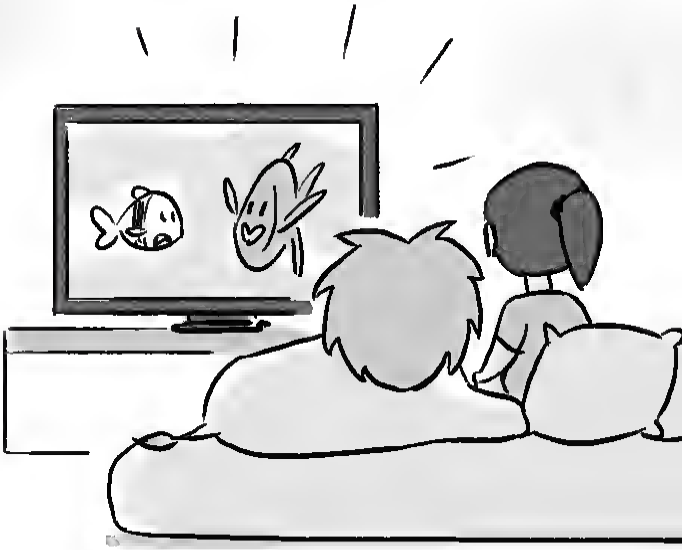
Come and see!
Come and see!
Very cute animals
for adoption!

Leo

Food requirement:
low quality food in high quantity

PIZZA
PIZZA
LEO

Needs a lot of entertainment



Very friendly and gets along well with other pets

haha
haha

Cheetah - B

Needs a lot of exercise

Very smart but not so friendly

Too attractive when going out it becomes an issue

come back!
Stop it, Mat!

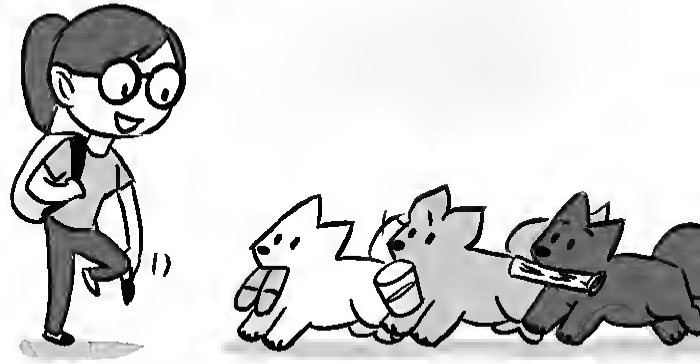
Foxy

Must adopt with siblings

Learn tricks quickly

Help around the house

I'm home~



Doglas

Food requirement:
high quality food in low quantity

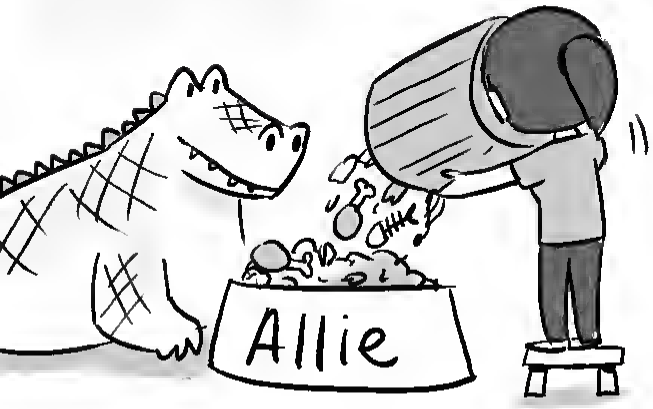
Sophisticated and well mannered

fetch!

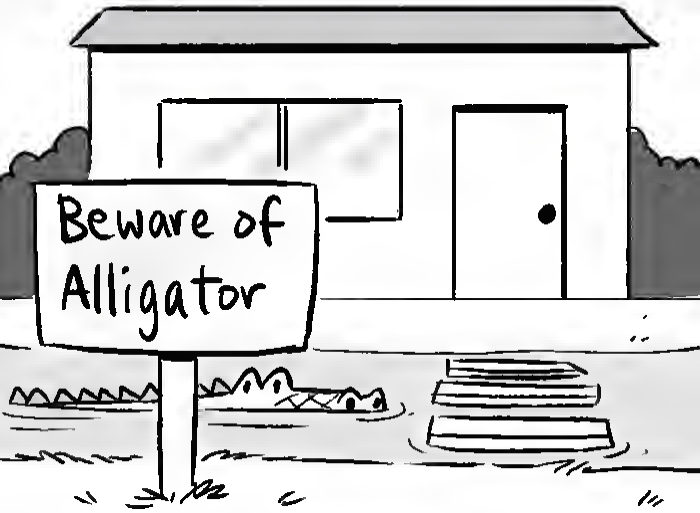
BOOK

Allie

Eats anything



Protects the house without doing anything



Beware of
Alligator

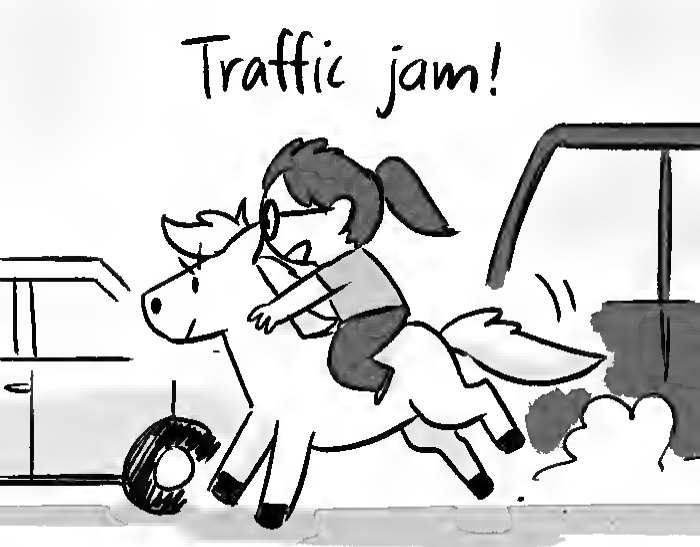
Anntelope

Very clean and organized

Timid in public

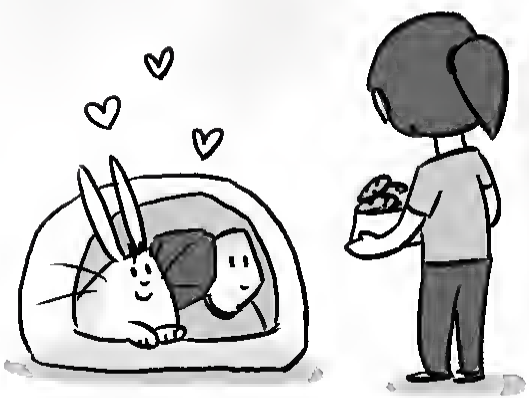
Horsie

Convenient transportation alternative

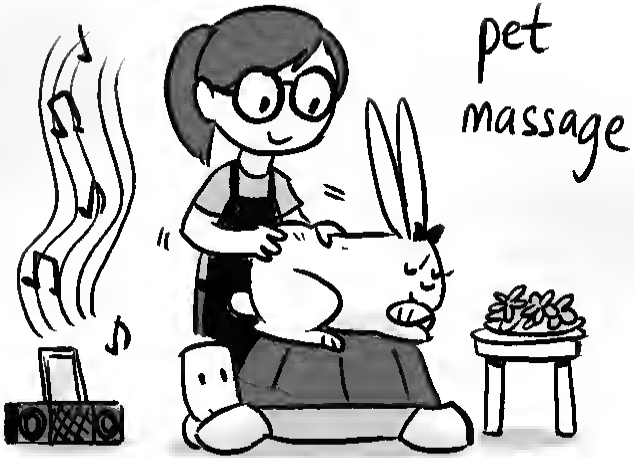


Tiffany

Must adopt with Tortis



Requires a lot of affection and grooming



Giraffiel

Difficult to keep because it always knock things over

Mr. Pigkles

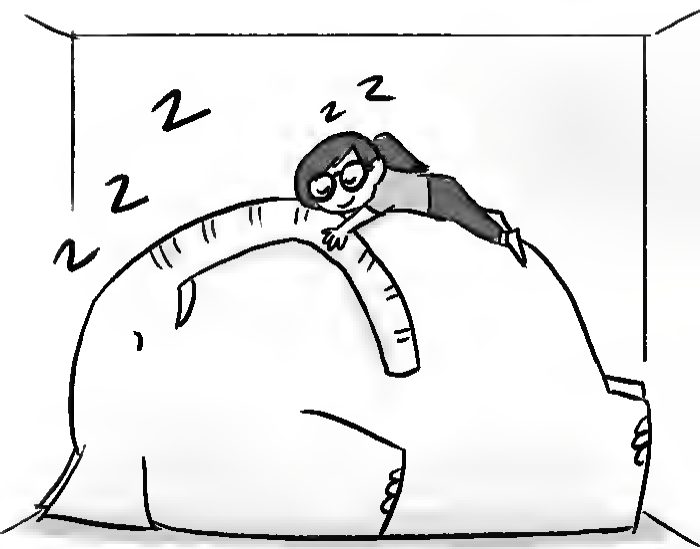
Sleeps a lot and noisy when awake

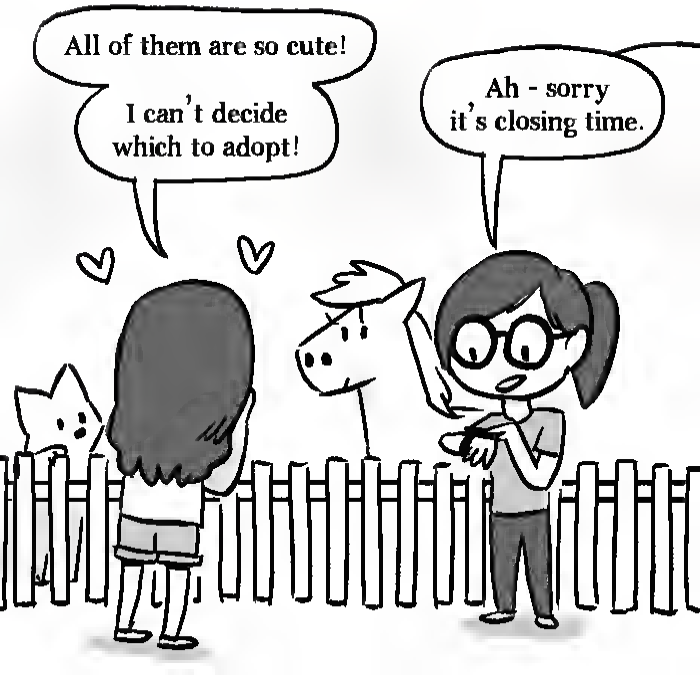
Tiager

Very quiet, talented in art

Mr. Elephunk

Needs a lot of space, best cushion to sleep on





All of them are so cute!
I can't decide which to adopt!
Ah - sorry it's closing time.

Actually, they are not for adoption...
...because they are all my pets!
haha
sorry

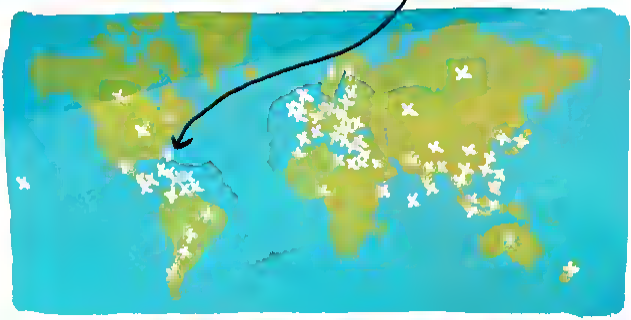
Time to return to RSJverse.

ROAR STREET JOURNAL

Animals Around The World #74

MalikaLynes
Hi bonnie. I don't know if you're still doing this but I'm from the Bahamas and our national bird is the Flamingo and national fish is the Blue Marlin. Keep up the amazing work but make sure to get some rest too

Readers from the Bahamas!



The Caribbean flamingo is the national bird of the Bahamas. It's the most colorful flamingo specieand their colorful feathers come from their diet of small shrimps and creatures that contain a pink-orange pigment called carotenoid.
